1. Place floor tray/liner inside the tent floor and secure to Velcro pieces of the tent cover.
2. Close all zippers.
3. Assemble remaining parts of the frame as shown below. Once the frame is assembled, make sure that all the poles are fully inserted into the corners.
4. Place hanging poles "7" and "8" on the top of the frame.
5. Unzip all zippers of the tent cover all the way.
6. Put frame upright on the base of the tent, making sure that all four corners are inside the base.
7. Gently pull up the back of the tent cover such that the two upper back corners of the cover are squarely in place. Note that having a helper makes this process easier.
8. Gently pull the "roof" of the tent to cover the two upper front corners.
9. Gently wriggle/adjust all eight corners until cover is square against the frame.
10. Place floor tray/liner inside the tent floor and secure to Velcro pieces of the tent cover.

All parts have been assembled.
